Title: Good enough to be real

Comments: Fantastic reproduction! I wore original trousers 40 years ago for reenacting. I wish I had these because of accuracy. If you want to have actual WW2 sizing, you must order 6 (YES, 6) sizes bigger than your current size to wear wool trousers or long underwear under these. Fast shipping!!!

Title: Daily Driver Pants
Comments: These pants are some of the best damn pants I've owned. The size of the pockets is absolutely incredible, the look is great (I removed the leg ties), and they are durable. I am quite hard on my possessions, and these pants lasted a year and a half before needing retirement.

Title: Excellent in all Respects

Comments: The items in question arrived quickly and in excellent condition. Overall quality was excellent and the fit was as expected. If anyone is interested, these field trousers are cut to easily go over the wool trousers. If this is what you wish, order your normal size. BTW, have you ever considered making M1951 Field Trousers?

Title: M43 para trousers

Comments: Arrived with Jacket. Both seem well made. Ordered my waist size and fit is perfect. Did not think about when I ordered, but would have been helpful to have trouser length option as these are super long. I am sure I can hem them for better length fit. very satisfied.

Title: US Army M43 Para Trousers

Comments: appears to be good quality for the price. I will need to see how they work on the field. the size is exact so if you want larger for wool pants underneath or the holiday meals got the best of you, order larger. also, the buttons may need to be restitched as they appear weak and my pop (especially if you had too much holiday goodness).

Title: m43

Comments: these pants fit like a glove. or at least like a good pair of pants. they are a little on the long side, but if your going to be blousing them it wont matter much. simple hem could fix that. color matches the jacket perfectly.

Title: Another winner

Comments: Great quality, perfect color. These pants run a little big but so did the originals so zerp complaints from me. WPG scores another win with me.

Product Reviews

Comments: The new improved M-1943 Field trousers are better than the previous run. Sizing is accurate so order your normal waist size. However, the Para cargo pockets are placed much to low on the legs giving the wearer a stubby legged image. I removed my pockets and relocated them at the front pocket seam high on my legs. Otherwise great product.

Title: Review Update

Comments: Review Update: Order your normal waist size IF you do not plan to wear anything under the trousers. Otherwise, order a size (or two) bigger depending on how much you plan to wear under. I actually ended up ordering a 36-pair (one size over). I tried them with sweatpants under and the 36-size trousers fit perfectly.

Title: Order your Normal Waist Size!!!

Comments: Excellent quality. Perfect color. Quick delivery as always. Fitting note: Order your normal waist size. These trousers are cut with wide pant legs but waist sizes are right on the money. I ordered a 32 waist instead of 34 thinking the waist - like the legs - would run bigger - WRONG! I had spend more money to get an exchange, of course. Thanks WPG!
