Comments: I have an original of this shirt. This slight difference in the texture/feel of the fabric and the repro only have single buttons on the cuffs (Original has double buttons), this is near identical.

Title: WW2 US Army Officer Shirt/Chocolate: Satisfied... Finally!

Comments: Stated sizes are a bit large (17 x 34), fit like a circus tent, so exchanged for a 15 x 32 (which would normally be too small for me); fit like a glove. Great color. Only complaint: either the buttons are too big or the buttonholes are too small. When getting dressed with this shirt, plan for an extra half hour trying to get everything buttoned. Still... a very nice product overall.

Title: Chocolate Shirt

Comments: Really pleased with this shirt. Color and the wool gaberdine material are great. Sizing was spot on. The shirt does have an odd double button arrangement at the neck - a sort of "pull tab" sticks out if you are wearing the shirt open collar. I just took mine to the tailor and had him lop off the extra bit.

Comments: Great copy of the shirt, and it's a fairly heavy material. The size in the chest area was very large, so it needed a lot of tailoring, but it was worth it. It arrived quickly, which is nice.

Title: Good Job

Comments: Shirt fits well, appears to be of very good quality. Price quite reasonable. I wear some earlier purchases of shirts and wool breeches everyday winter riding garb. They are excellent for the East TN winter and priced competitively with places like Dover or State Line (whose offerings for male riders are pitiful).

Title: Double-Buttoned Collar

Comments: This is a very well-made and essentially authentically-styled shirt. The tab for the double-buttoned collar is a bit curious - as far as I'm aware, the double-buttoned collar feature didn't have the tab for the second button. Also, the breast pockets should be rectangular with bevelled corners rather than being scalloped. But given the variations in privately-purchased shirts these differences are acceptable and this shirt is highly recommended. The shipping was super-fast as usual!

Title: Great Shirt!

Comments: As always with WPG, very fast delivery, shirt is high quality and true to the stated size, I normally buy a 16 x 36 from Nordsroms and I ordered the 16.5 x 36 and the fit is very good. I have shopped around for this shirt and this is by far the best value out there.

Title: Dark OD Chocolate Officer Shirt

Product Reviews

Comments: Excellent shirt! I have original WWII USAAF (no longer available), WWII Impressions (no longer available) and Eastman Clothing (History Preservation Associates--no longer available). If your dress shirt size is 16 1/2 or 17, order size 16 1/2. Unlike the Chocolate OD Officer trousers, these shirts run large. You will need to have the shirt custom tailored and tapered. Once done, the shirt is beautiful. I've ordered several.

Title: Very Big

Comments: I ordered a shirt and needed a 17" collar. The rest of the shirt is massive, very disappointing to say how much it cost. Lucky for me I will have a jacket over it, otherwise I would need to spend loads altering it.

Title: Officer's Dark OD Shirt (Chocolate)

Comments: Very nice product, and accurate in color. Although the fabric is lighter than the originals, it is very comfortable, even in warmer climates. I find the shirts run a bit big, and require tailoring (sleeve length and tapering). Good job, overall, and great to have these available.

Title: US Army Officer Dark OD Shirt

Comments: Nice shirt however with modern neck sizes I ordered a 16 1/2 size to fit my neck and the shirt is a lot bigger than I am (and I am a 38 in the chest). I needed to have it taken in quite a bit.

Title: 2nd Order

Comments: I ordered a second shirt because the first one was superb. I had (a year ago) gotten a cheap eBay knockoff and was very disappointed, eventually throwing the poly / wool thing in the trash. The one I got from WPG was great, the all wool fabric right, and the fit was good. Fortunately I ordered a 1/2 size up fearing the collar might be a bit snug ... so as it turns out 1/2 a size up at the collar was just right for me. The waist fit was more generous than I expected, but I would rather have the shirt a bit bigger at the waist. All in, it was a good shirt, faithful reproduction, and well worth the price, so I ordered another one before somebody screw the shirt(s) up by fixing them.

Title: OD Officer Shirt

Product Reviews

Comments: Beautifully made and a more tailored fit than a cotton shirt, which suits my build very well. There were several versions of this and other garments so don't worry about that. I have originals with box flap pockets and this has scalloped, also correct. These were private purchase as all officer clothes are. Some have single button cuffs, some two button. I can sew therefore I hand stitched two more button holes into the cuffs to make them fit better and not slide down over my hands, and you can too if you need to. There are two adjuster buttons on each cuff for you to use. Neck closure is perfect and ensures a neat fit with a tie. I moved a button over a smidge to loosen it up just a bit. There is modern interfacing inside the collar and cuffs which tends to buckle just a little but the manufacturer doesn't understand they need to use a period interfacing material so just accept it. Same is true for the officers poplin cotton shirts. Can't be helped; Pakistan, you know. I suggest you guys get more than one of these as they won't be around forever and they do make a wonderful winter shirt. LL Bean ain't got 'em. And I am not really a WW2 re-enactor, I wear my shirt, tie and wool officer pants with a Borselino dress hat and the brown shoes for a winter outfit. Girls love it, guys. Or you can wear it with rank and the coat to enjoy the idea of killing germans. Bombs away.

Title: Excellent OD 51 O.R. Shirt

Comments: I'm used to confidently expect a very pleasing level of quality and this is no exception. I never examined an original wool OD 51 gabardine shirt, but my opinion is that this one will not delude any expectation. The garment in itself, the feel is perfect, the standard mil. issue cut unimpeachable and NOTE: I often read about ordering a size up, a size down; I wear 15 1/2 x 34 so I've ordered consequently & it fits perfectly like it should. I've always ordered the size I actually wear & I never experienced Any WPG garment being too short or too tight or wathever. It's recommendable to have a bit of experience in the specific cut of the kind of clothes one choose (as. in WWII GI sizes) but my understanding is that there"s nothing out of size in general and that cut, details fitting & choice of textiles is Excellent & Absolutely Reliable.

Comments: The shirt is beautiful and looks great! I ordered a 16 1/2 neck and it fits me fine in the neck. I have short arms though. I wish WPG had more sizes available. What I really need is a 16.5 neck, 32/33 sleeve. The chest and length are a little larger/longer that I would like so a shirt for a 42 chest taping to a 36" waist would be perfect for me! Perhaps WPG will offer more sizes or a custom service in the future?

Comments: Another fine rendition, in color, cut and quality. In order to make it perfect, however, the yoke on the back needs to be scalloped like the pocket flaps. The front pockets may be just a tad shallow, may need to make them a tad deeper. Outstanding stitching, good material. Would also make in khaki gabardine version (not same as khaki officers shirts presently offered with box flaps and clipped pockets).
