Comments: FedEx sent my package to the incorrect address, have moved from the address and cannot get into contact with the current occupant, I called fedex three times and was told it was going to the correct address, cannot give a good review to what u don't have, WPG packing info I was emailed all seemed correct

Title: Decent Cap

Comments: Nice cap, authentically does not have a rear seam that other repros have. Material seems a little thinner than originals I've seen, but great value, looks and feels good! Great value!

Title: Close! Quality

Comments: Item comes in sizes, as did original. Pretty close reproduction. Much better than others I've seen. My dad was a WWII veteran and career Army. Had these hats since I was a kid! Wore them camping with Boy Scouts! Brim is a little larger than original and plastic rather than the waxed cardboard. Sizes are close. I got a Medium and it is just a little to large for me. With some shrinking should fit me well. Well made and good quality. Originally made to be worn under helmet so size was important.

Title: Good Quality & Sizes

Comments: Close to original and comes in sizes! If you want something that wears well and looks close to original this is it. The sizes may run a little large. I got a medium and it was just a little bit large for me - I can fix that!

Title: Good service

Comments: The hat isn't perfect but certainly better than i've seen in the past. The peak is made of what feels like plastic so I doubt itll break in such as we seen in the wartime images but still not a bad product.

Title: Wonderful caps!

Comments: Bought one to test the waters. I liked so much bought 3 more. If you have a very large head, the large size may be too small. They are pretty flexible. My daughter wears the same as mine. My hat size is 7 3/8.

Title: Really really miss the XL version

Comments: Got 2 of these caps in Large since that was all you had. Quality is great (I brought 3 XL caps several years ago becasue I wear them every day in the winter and the last one finally gave out) Unfortunately size L fits me like a yarmulke so they will become Christmas presents. PLEASE make the XL again!!!!!!!!!!!!

Title: Radar's Cap

Title: Great Cap

Comments: I originally ordered one in 2013 and LOVED it! Wife eventually appropriated and lost it so just got another. Still the thinner fine weave which looks sharper in my opinion, but much or OD now. 6 years ago they had a really lovely goldish tinge which is now lacking. Still a great cap, just miss the old color.

Product Reviews

Comments: Bought cos im at season 4 of rewatching M*A*S*H again . without the laff track cos its the UK. Had to have THE Radar cap. Color is more green than the reqd brownish and feel I would prefer a heavier knit feel. Size is OK but if you are a big chap the largest size is just OK bigger would be better. Shipping to UK good value and really fast. Better than any like caps ive seen online. Closest match for the fanboy clerk in you. :)

Comments: Fast ship - ordered 2/29 and received 3/5. I wear 7 1/2 and the Large fits me fine. Quite stretchy so there"s a bit of range on sizes it will fit. Seems like a pretty nice repro though I haven"t had a chance to compare to an original yet. Definitely better than my late model surplus store jeep cap for my WWII events.

Comments: I ordered the cap in size L which is a little big. I've got a hat-size of 7 1/8". I think size M would have been better for me. Color seems a bit dark. Material is a bit flimsy. Nevertheless it's a good cap for little money.

Title: Jeep Cap

Comments: I used to own an original and somehow it became lost or misplaced. I bought two repros from an Army/Navy store near where I live, but they do not look anywhere near as good as this one. This cap is as close to the real deal as you can get. The fact that I could buy my specific size made a big difference in comfort too. Great cap at a great price. I highly recommend it

Title: O.D. Wool knit "Jeep" Cap
Comments: Overall, (in my opinion) - compares well with (1) of my original(s). The color, knit weave/ texture & construction are excellent (many other copies I've seen over the years are 'overdone' or just plain wrong (too thick/ dense/ incorrect knit wrong style construction, etc...) - the WPG version doesn't make the common mistakes. I didn't cut/ separate the visor knit (but it 'feels' like fiberboard). My only 'issue' - the crown seems a bit high/ deep (probably sized for longer foreheads). Overall, this might fool many as 'original'. I don't "re-enact", so can't comment on "living history" use . (I am also not a forum "expert" - just a 20+ year Military Collector. If you can't find/ afford the originals or simply need an additional for display - this copy is the next best thing !

Comments: This is the second item ordered this year from WPG and I was, once again, pleased. Being blessed with a bit larger than normal cranuim makes it hard to find hats that fit.
