Name: **US Patton Style Riding Boots**

Description I have received a small trial production run of these officer pattern boots worn by many US and British officers. Sizes are limited to 10, 11, 12, medium width, with a medium diameter leg shaft. The shaft is very tall, and these are not recommended for anyone under 6' in height. These cannot be confused with \$800 Dehners in quality, but they look good and seem reasonably sturdy. Very limited quantity.

Available in: Size 10

Price: **\$148.00**
