Title: Great Value, Great Fit

Comments: I ordered two of the army OD undershirts and I love them. I'm a 44 chest, ordered a 44 and they fit great!. The length of them is nice as well to prevent them from untucking. I compared it to my original and it looks fine. Was a much needed item in my kit.

Title: Nice tems!

Comments: These tanks fit great, I like that are long in the body, so they don't ride up and don't need constant tucking. Fabric is great, as is the colour. Well done!

Comments: The fit and color are fine.The only dissapointment was was that the shoulder straps were wide.I was expecting the very narrow straps.These were worn by the gi and usmc in ww2.Seems like these are very hard to find now and seem to be collectables.Please contact me if u can get any.Thanks.David.

Comments: I am a size 44. As it states that it is 100% cotton, I ordered a 46, anticipating shrinkage. However, the shirt did not shrink after laundering. I would advise customers that the the sizes listed are pre-shrunk sizes.

Comments: Your competitor makes one that has ribbed reinforcement around the neck and arm holes. It is also a darker green. I think yours are softer, more absorbent, and better suited to earlier impressions. Keep up the good work!

Title: G.I. Tank Top

Comments: It was a great idea to stamp the WWII depot marking inside the collar. Evert little bit of authenticity goes a long way to making the whole experience more realistic. This item is a little hard to find because your competitors don't think that reenactors really need them. You are one step ahead of them!!!
