Description

WPG has faithfully recreated the ETO jacket to its original broad arrow marked specs. Made in the rougher QM dark shade OD wool serge, it is the same shade as the men's enlisted Ike. Designed as a universal outfit for cool weather conditions, this uniform was issued to both officers and enlisted ranks. Jackets are available sized by bust measurement, allowing a 6 taper between the bust and waist. Insignia not included

Due to an oversight on the part of the Army, both the nurses and WACS arrived in England in the fall and winter of 1943 ill equipped for the cold winters and field duty. To make matters worse, when the new M43 field uniforms finally arrived from the US, they were found to be bulky, ill fitted, and had a tendency to shrink when laundered. In order to combat unheated offices and quarters, the ETO QM had a smart three-piece uniform designed. Based on the British battledress already in use by the WAAF and ATS, it consisted of a jacket with a matching skirt and trousers suitable for both officers and enlisted ranks. Enlisted WACs were also issued an unpiped men's pattern garrison cap to match, while the Officers retained their previously issue headwear. Unfortunately, the uniform would not be approved or supplied by the Pentagon, so these uniforms were manufactured by British tailors, and issued to the women serving in the ETO. Soon, privately tailored variations appeared in the Mediterranean and Pacific theaters as well. When these women returned from their tour of duty, they still preferred the ETO uniform to their issued class A's, and although it was not officially issued, the Pentagon was forced to authorize the short jacket for stateside wear.

Title: Great item and customer service.

Comments: The item I ordered ended up being way too short, but they were willing to exchange for the regular length after I shipped back the original. They let me know as soon as the original item arrived and they shipped out the replacement same day. The new jacket fits much better and I am very pleased with the quality and this company.

Title: US Women ETO Jacket
Comments: Very nice jacket. The taper from chest to waist could be a little less drastic. I have a smaller than average waist for this day and age and it just barely fits. Overall, I am very happy with it and looking forward to wearing it and the skirt at an upcoming event!

Comments: I'll have to do a little tailoring, but if I bought an original, I'd have to do tailoring anyway. I'm an unusual size, so I can't expect everything to be perfect. Speedy shipping and good communication.

Title: Female ETO Jacket

Comments: This was atrocious. It was simply cut wrong. The taper was advertised as 6". It was really double that but 12". It was missing buttons on the rt sleeve. This is going back.

Title: Not what I expected

Comments: Though the material and construction is done well, the jacket did'nt come with insignia! The picture would suggest otherwise, and I feel as though I was mislead, but such is the case.
